

Elizabeth MOORHOUSE, Nee ERRINGTON, Nee HOOD.

My mother--an intelligent, independent, and sensitive woman.

Elizabeth (Betty) married young and unfortunately due to a series of circumstances had an unhappy marriage. Three children were born--myself, my sister Linda, and brother Bill.

We all lived in Richmond, B.C. (440 Steveston Hwy.) until my mother and we children left in about 1963. After that mom gained office employment and supported us as best she could.

She continues to work, and now is a very competent career woman with a variety of skills. She has worked in the medical field, the legal field, and a variety of secretarial areas.

She has inherited a variety of artistic abilities, including singing which she excelled at for many years, piano, and painting and sketching. She is a refined woman with good taste who enjoys good music, opera, and plays. Like her mother, she dresses smartly and always looks her best. However, she has never lost her sense of humour, and is quick to laugh--in fact, her and I have been known to double over in fits of giggles over something which no one else in the room appears to comprehend!

Besides her artistic hobbies, she frequently travels to Reno, Nevada with a girlfriend for vacations.

My son affectionately calls her 'Nanna'.
