Dear Mr Racey,

Thank you for your letter. I note that you do not now require a Brent Goos e nor the other species mentioned in yours.

I am sorry that you did not like the Woodpeckers I sent you, these birds are not always easy to get, even in this area where they are as numerous as enywhere.

mens of the various species you request that I may find that I cannot help you much, and before making up any further parcels perhaps you would let me know whether you imply birds collected within say a year of your request. This will help me, as I do not wish to send you material which you do not like, nor spend time in their despatch.

The Rook-I have for you here is a female and was collected on March 30th., this I will send you, and shall not need anything against its exchange.

There are no species in the short list in yours for shich I have an interest, but many thanks all the same.

Withn kind regards,

Yours wry sincerely,

Kenneth Racey Esq.
